

## **TechnoChange Solutions is a finalist at the Vision 2030 Awards: South Africa's future makers**

The annual Vision 2030 Awards have announced their 2018 finalists!

The awards recognise the achievements and success stories of organisations, enterprises and individuals that are actively demonstrating alignment to the government's Nine-Point Plan to boost economic growth and achieve the milestones set by the National Development Plan (NDP).

The overwhelming number of nominations for the various categories of the Awards casts a positive glow on the future of South Africa and showcases the commitment of both the public and private sector to the NDP.

With categories such as the Education Award sponsored by the Human Resource Development Council, Infrastructure Development Award, SMME Award and the Driver For Change Award the Vision 2030 Awards are all encompassing when it comes to recognising the best of the best when it comes to championing the National Development Plan.

Leading by example, the winners showcased by the Awards will inspire their sector peers, and stakeholders nationwide, to pledge commitment to the NDP - not in words alone but in actions that move the nation forward.

### **TechnoChange Solutions achievements and contributions towards the NDP**

The awards, and the accompanying Vision 2030 Summit, will draw together a host of business and government leaders to have crucial representation from all key decision-makers because it is only through extensive Public-Private Partnerships, we believe, that South Africa by 2030, will have become the country envisioned by the National Development Plan.

'The Vision 2030 Awards and Summit help connect business and government, by identifying and sharing best practices of leading companies and organisations that have implemented successful development and investment projects and can clearly demonstrate success with measurable returns to stakeholders in relation to projects aligned to the NDP,' says Ryland Fisher, Editorial Director at Topco Media.

The winners will be announced and celebrated on 21 June 2018 at Emperors Palace, Ekurhuleni. For more information, contact Ms. Lesego Masane, [lesegomasane@technochangesolutions.com](mailto:lesegomasane@technochangesolutions.com) or 078 733 0745
